

Organizations like **Be The Change Ohio, Mason Parks & Recreation Foundation, Highly Favored Foundation, Off The List, and A Kid Again** are not just serving communities — they are transforming lives across Ohio and beyond.

Be The Change Ohio leads with action, strengthening our communities, and focusing on impacting the youth. Partnering with other Nonprofits to make a BIGGER Impact!

The **Mason Parks & Recreation Foundation** invests in the heart of our city — enhancing parks, trails, and recreational opportunities to preserve Mason’s quality of life while supporting children with scholarships to help further education.

The **Highly Favored Foundation** walks alongside women and families in crisis, providing sustained, relationship-based support that moves them from instability to long-term independence and renewed confidence.

Off The List offers powerful encouragement and essential resources to individuals awaiting kidney transplants, helping them navigate one of life’s toughest journeys with hope, strength, and a path toward restored health.

And **A Kid Again** brings light into difficult seasons by creating ongoing, year-round adventures for children with life-threatening conditions — giving them the priceless gift of joy, laughter, and the chance to simply be kids.

Together, these five nonprofits embody compassion, resilience, and community impact. They represent hope in action.

Thank you for standing with them — and with us — as we work together to make a lasting difference.
